Contract 6273/100,242-63

Pursuant to subject contract the contractor submits herewith an unsolicited proposal for technical services to be furnished during installation and tests of the HTA/3 processor at the installation and test site. The technical services quoted herein cover installation supervision and maintenance services during the test program. It is proposed that the contractor's engineering representative will render technical assistance during the installation and test period whereas the contractor's manufacturing representative will supervise and assist in the assembly, installation and initial checkout period.

The contractor's fixed price proposal for the above services is quoted on a man day rate as follows; Travel and transportation will be furnished at cost.

Engineering Representative -

Manufacturing Representative

STATOTHR

In addition to the above the contractor submits a fixed price proposal for the disassembly of the processor for shipment to the installation site. This effort was not included in the contractor's proposal and therefore is not reflected in subject contract. It is requested that subject contract be amended to include the above in the amount of \$1,112.00.

In the event that it is desired to return the processor to the contractor's facility for modification and/or incorporation of design changes prior to shipment to the ultimate user the contractor submits herewith a fixed price
